

Hey Wildcats! I hope you are all doing well.

Office Hours are 11-1 Monday thru Friday. I will be available by email. I will check my email through the day most likely also, so email me anytime if needed and I will get back to you as soon as I can. I will try to figure out zoom and do that in a few weeks. Do your best on what you can and feel free to leave me a note when you turn in your work if you had trouble or email me.

Feel free to use resources online, such as the digits sight, Khan academy, or google. Remember also that the study sync online program has full books if you are on a computer. If you don't have a book, I suggest the dollar store or big lots for cheap books.

Feel free to email me anything or everything. You can do word documents or take pictures and send them. Also, if I get zoom up and running, you will be able to show me what you did and I will check it off. They will also have drop off times at school.

You should be spending about 30 minutes per subject, per day, for a total of 2 hours for core and 30 minutes for elective, Monday thru Friday.

Plans for April 20-24

SS Paper-China quizzes. (you do not have to the Confucius page) Do your best. Feel free to google or use online resources. If they are not available, just do your best. Write about a page about anything you can remember about the dynasties, the belief systems, and achievements of the Chinese

Digital-research and write up the following about the dynasties-Shang, Zhou, and Qin-including belief systems and achievements.

Science Energy sources pick 3-answer the questions about the given source: How does it work? What are the advantages and disadvantages? Either use book copies or online. Do matching quiz.

LA Spelling Lesson 6, Ideally have someone give you the pretest and then practice daily and someone give you test. Do worksheets.

Read daily and write about it. Journal daily what you are doing and how you are feeling about it. Pictures with your journal will make it an A.

Read book for book report due May 12. If you don't have your book you checked out, any book will do. Summary is fine for a B, but do something creative for an A. If you have online access, I will be sending the link for AR testing.

Math See instructions on WS or do Online digits work. 70% or above is an A

Elective-Brainstorm things you learned this year and make a list from A to Z. Then tell me what you learned about it. You can type this up and send it or turn it in. This is due May 12.
